The screenshot shows a web browser window with two tabs, both titled "SAML 2.0 SP Demo Example". The address bar shows the URL: <https://www.secu01.loc/simplesaml/module.php/core/authenticate.php...>. The page content includes a language selection bar at the top with various languages like Afrikaans, Català, Čeština, Dansk, Deutsch, ελληνικά, English, Español, eesti keel, Euskara, Suomeksi, Français, עברית, Hrvatski, Magyar, Bahasa Indonesia, Italiano, 日本語, Lëtzebuergesch, Lietuvių kalba, Latviešu, Nederlands, Nynorsk, Bokmål, Język polski, Português, Português brasileiro, Românește, русский язык, Sámeigiella, Slovenščina, Srpski, Svenska, Türkçe, isiXhosa, 简体中文, 繁體中文, and IsiZulu. Below this is the "SAML 2.0 SP Demo Example" header. The main text says: "Hi, this is the status page of SimpleSAMLphp. Here you can see if your session is timed out, how long it lasts until it times out and all the attributes that are attached to your session." Under the heading "Your attributes", there is a table with three rows: the first row shows a claim URI and the value "Jan@Secu01.loc"; the second row shows "User ID uid" and the value "Jan"; the third row shows "Preferred language preferredLanguage" and the value "en". Below this is the "SAML Subject" section with a table showing "NameId" as "jan@secu01.loc" and "Format" as "urn:oasis:names:tc:SAML:2.0:nameid-format:entity". Under "AuthData", there is a link "Click to view AuthData" and a "Logout" link. At the bottom, it says "Copyright © 2007-2019 UNINETT AS" and has a small cartoon character icon.

The screenshot shows a web browser window with a tab titled "Login". The address bar shows the URL: <https://www.secu01.loc/login.php>. The page content starts with a bold message: "This simple login page is accessible to only authenticated users!". Below this is a PHP array dump: 

```
Array ( [http://schemas.xmlsoap.org/ws/2005/05/identity/claims/upn] => Array ( [0] => Jan@Secu01.loc ) [uid] => Array ( [0] => Jan ) )
```

. At the bottom, there is a "Logout" link.
